

V Axial piston pump

A
1
V Axial piston pump

V Axial piston pump

- 1.V Series pump,new design for changeable angle of swash plate,wide applications.
- 2.Special design,low noise level during full pressure time.
- 3.Modular control,easy to design system,advantages are:power saving,small size,low cost.
- 4.Low power consuming,low oil temperature rising,suitable application for assembling small power units.

nominal pressure: 175 bar
 max. pressure: 280 bar
 single operation period: 250bar /6ms
 315bar/2.5ms

Specifications

	V70	69.7	4.25	104.5 27.6	125.4 33.10	56 (123.2)					

- 1.Install outlet on top,the pipe pressure needs less than 2bar.
- 2.Using at max.pressure,please undre 6 sec for per-cycle time.
- 3.Hydraulic oil clean,please following YEOSHE instruction maunal.
- 4.YEOSHE supply combinable pumps with different series,standard with Metric / SAE size.
